Your Verse Box

A small box, a stack of cards and a few minutes a day

1. **Write it.**
   Copy one verse and its reference on a card from the next pages, or on a 3 × 5 index card.

2. **Start in New verses.**
   Say the card aloud a few times each day until you can say it without looking.

3. **Move it along.**
   When you can say it with no mistakes, move it to Daily, then to Odd days or Even days, then to Weekdays, then to a day of the week, then to a date of the month.

4. **Say it again.**
   Each day, take out the cards in that day's tab, the date's tab and Daily. Say each one. A card you miss goes back to Daily.

5. **Keep it for good.**
   Cards you still know after a month go to Learned!, and you look through that tab once in a while.

A shoebox or a recipe box works well. Print the tabs on heavier paper if you can, and print these cards on card stock or glue them to index cards.
